PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Box Patent Application
Washington, D.C. 20231

December 6, 1999

Sir:

The following preliminary amendments and remarks are respectfully submitted in connection with the above-identified application.

IN THE SPECIFICATION

Page 3

Line 13, delete " ---クレームの繰り返し部分省略--- " and insert the following:

--In order to attain the object described above, the invention provides a digital image shooting device comprising: an image forming lens; an image sensor element; a data processing unit for processing an output signal from the image sensor element into digital image data; an image memory for storing the digital image data; and a lens characteristic correction unit for performing, by using a lens characteristic of the image forming lens and a position of a frame image photographed, a process of correcting a deterioration of an image quality derived from the image forming lens upon the digital image data.
